

We can count on Joel Judd.

On the issues *women* care about, we can count on Joel Judd 100% of the time:

✓ Required insurance companies to **provide breast cancer screening**, because we know early detection saves lives.

✓ Worked to **restore prenatal health services** to North and West Denver. Joel Judd's leadership was instrumental in keeping important prenatal services available and affordable.

✓ Worked to **provide health insurance** for hundreds of thousands of Colorado's children. More children are receiving health care thanks to Joel Judd.

✓ Forced insurance companies to **expand coverage** for cancer treatments.

✓ Fought to protect our **freedom of choice**.

✓ Worked to **close unjust corporate tax loopholes** and special interest favors that divert dollars from our schools and health care.

✓ Fought to make sure our **schools have the funding** they need.

In the Senate, Joel Judd will fight for access to health care for every Coloradoan, including preventative and wellness care.

Joel Judd does not spend time thumping his chest—he does spend a lot of time getting things done.
